

HOME SUPPORT

FOR YOUR OWN FOUR WALLS

MIXED UP? →

Finally! Living as a young adult in your own four walls – that is a big step! You have more freedom and can decide a lot alone. Nevertheless, with your own flat obligations in everyday life also increase and you carry responsibility for what happens next in your life. All this can be a bit much, sometimes too much.

FLAT, JOB, EDUCATION, FRIENDS, NEIGHBOURS, MONEY...
HOW THEN DOES ALL THIS BALANCE OUT?

The team of Home Support supports you if you need help to solve problems.

Your flat What to do if you can't pay the rent or electricity? If you lose your flat? Or if you have locked yourself out by accident? Would you like to cook, but don't know how?

Your job or your education You are looking for a job? Or do you want to get an education first? You have no idea what you want to do later on?

Your money You can't cope with your money? Are you in debt? How do you apply for unemployment benefit (Arbeitslosengeld 2) or other benefits, such as vocational training assistance (BAB) or child support? Don't have a bank account yet?

Matters that are uncomfortable or embarrassing Have you been "caught"? Do you have a trial or community service? Do you have health problems or addictions that bother you? You have stupid or annoying neighbours or "friends"? You still have to sort out your residency rights?

Your wishes and goals What do you want to achieve? What problems do you have? Where can we help you?
